logging in using your email and password.

## **Upper tier registration**

You are registered as a upper tier waste carrier, broker or dealer under The Waste (England and Wales) Regulations 2011 because you have declared that you meet one of the following criteria:

- You deal with waste from other businesses or households
- You supply a waste disposal service
- You transport construction or demolition waste

## **Legal responsibilities for waste**

If you produce, carry, import, keep, treat or dispose of waste, or manage it for other people, you have a legal 'duty of care' for that waste. The duty of care aims to protect the environment and human health. There are some simple rules you must follow:

- If you give your waste to another person or business you must check they are properly authorised to accept it, e.g. as a permitted site or a registered waste carrier
- Make sure the correct documentation is completed for each transfer of waste and that it correctly describes the waste
- Make sure any waste is safely handled and stored
- Minimise the environmental impact of waste by prioritising waste prevention, re-use, recycling and recovery over disposal. This is known as applying the 'waste hierarchy'
